Wednesday, May 12 5:00-7:00 p.m.

Paradise Public Library 5922 Clark
Road, Paradise

During the workshops, the consultants will provide a detailed explanation of the B-Line service changes which are proposed under the recommended plan.

This plan is simply a reallocation of current resources – it neither increases, nor decreases the overall B-Line budget. The plan is designed to make B-Line service more convenient and more efficient.

If you would like to preview and comment on the proposed changes, please attend one of the scheduled workshops or visit www.bcag.org/transit after May 3.
